

# WISHLIST VENDING MACHINES

---

# VENDING WITH PURPOSE

SUNSHINE COAST HEALTH FOUNDATION

# WOULD YOU LIKE TO BOOST WORKPLACE PRODUCTIVITY WHILE SUPPORTING YOUR COMMUNITY

Contact us for vending machines with 24-hour access to food and drinks for your staff, with the only expense being power to keep the machines running.

- ✓ Low overheads
- ✓ Improved productivity
- ✓ Make a positive difference to the community
- ✓ Support lifestyle goals
- ✓ 24/7 access
- ✓ An extensive product range that constantly grows

Contact our Fundraising and Partnerships Lead Jasmine Wheatley today to find out how.  
Ph: [5202 1777](tel:52021777) or [jasmine.wheatley@health.qld.gov.au](mailto:jasmine.wheatley@health.qld.gov.au)

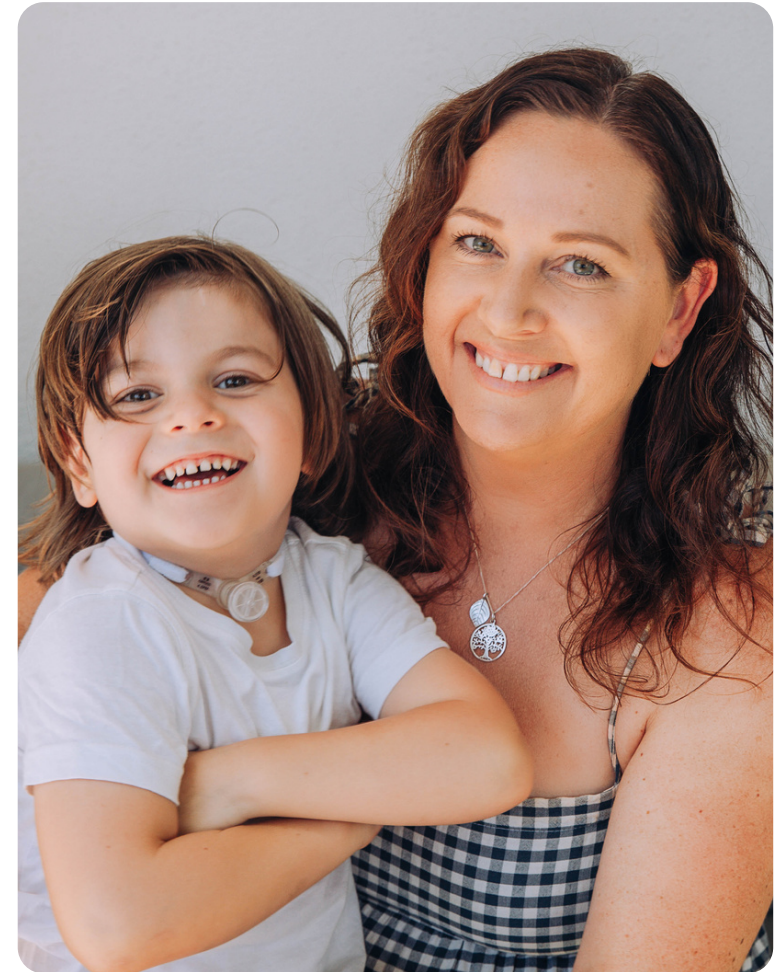

# VENDING WITH PURPOSE

Since 1998, Wishlist with the help of a generous and committed community, has directed over \$22 million in 25 years to benefit patients and families of Sunshine Coast and Gympie public hospitals.

- + Vital Medical Equipment
- + Life changing Support Services
- + Life changing Support Services
- + Hospital Accommodation

Wishlist has partnered with a vending supplier with more than 30 years experience. Using vending machines like those available from Wishlist, is a fantastic way to ensure your employees have access to food right at the office or work site, with the added advantage of supporting your local hospital charity in the process.

# WOULD YOU LIKE TO BOOST WORKPLACE PRODUCTIVITY?

Vending machines offer round-the-clock access to food and beverages, catering to various schedules, generating funds that can be directed towards supporting our projects. They offer convenience and can boost morale among your team by providing accessible snacks and drinks.

## FIVE GREAT BENEFITS OF VENDING MACHINES

- 1 LOW OVERHEADS**  
Your only cost is the electricity required to keep it running.
- 2 IMPROVED PRODUCTIVITY**  
No more food commutes! Quick bites between meetings or leisurely lunches, the choice is yours. Staff will have more time to enjoy their lunch and they can grab a quick snack in between meetings.
- 3 HEALTH GOALS ON POINT**  
Our machines can be stocked with a wide range of nutritious snacks to ensure your employees always have access to healthy alternatives.
- 4 ALWAYS OPEN, ALWAYS EASY**  
with Tap n Go, everyone will be able to benefit from the convenience of an on-site vending machine.
- 5 COMMUNITY CHAMPIONS**  
Make a positive difference to the community – we are committed to providing high-functioning vending machines stocked with healthy, nutritious food and drinks while using proceeds to support Wishlist.

# CHOOSING THE RIGHT VENDING MACHINE

You can choose from three different options. You can include a mix of healthier snacks and beverages with a combo machine or choose a snack vending machine or beverage vending machine.

## COMBINATION VENDING MACHINES

*Are you wanting to vend a vast range of drinks and snacks?*

Then our combination vending machine will give you the ability to vend a vast range of drinks, snacks, and meal options in the same compact machine. Our quality energy efficient drink and combo vending machines can be tailored to meet your needs and are appealing and easy to operate. Each combo vending machine comes with the ability to accept visa card, master card, android pay, or apple pay. The machines are also fitted with remote monitoring which will keep the filler up to date on product levels in the machine.

## DRINK VENDING MACHINES

We have a variety of drink vending machines available for you to choose from.

*Quench your thirst with our modern, eco-friendly, and reliable drink machines.*

They are a breeze to use with the ability to accept visa card, master card, android pay, or apple pay. Stay in the loop with our innovative remote monitoring, allowing fillers to replenish your machine exactly when needed. Our machines can service small or large locations and are able to carry larger volumes of stock for the busiest space. We can stock a wide range of products, so whether you are looking for energy drinks, soft drinks, or healthier alternatives, we have got you covered!

## SNACK VENDING MACHINES

*Our innovative snack vending machines are eco-friendly, sleek, and ultra-reliable and accept visa card, master card, android pay, or apple pay.*

Plus, they are not just eye candy – equipped with wireless remote monitoring, our machines keep your stock updated in real-time, ensuring timely refills. From compact spaces to expansive settings, our adaptable machines fit any environment. Elevate your snacking experience with our media screen equipped models – highlighting ads, text, photos, and videos in style!

As well as food and drink machines, we can also provide electronic goods including phone chargers and USB sticks.

## PAYMENT SYSTEMS

Your new vending machine uses credit card facilities accepting chip, swipe, and contactless payment. This also removes the need for cash to be collected.

## ENERGY EFFICIENT

All our vending machines have double-glazed insulation with LED lighting for low energy consumption.

## REMOTE MONITORING

Our vending machines have leading edge wireless service, which means we can deliver our services to you more efficiently and reliably.

## REACH OUT

We will meet with you to assess your requirements including what products are suitable for your organisation.

## HEALTHY COMMUNITY

Get in touch now and enjoy a happy, healthy, and productive community!

## WE COVER EVERYTHING!

We provide you with a machine, set it up in a suitable location, stock it regularly and maintain it all for you!

Venture into the realm of vending – a world where chips, chocolates, drinks, and an array of snacks become part of your business tapestry. Catering not only to your team's needs we will find the right vending machine for you!

Once your machine is in operation, we closely monitor sales performance and stock levels to ensure the product selection aligns perfectly with your preferences.

# ANY PRODUCT FROM ANY MANUFACTURER

We are not aligned or contracted to any given brand. This means, we can offer an extensive range of products in the machines. We currently vend cookies, confectionary, chips, chocolate, 600ml drinks along with cans of drink. Additionally, we vend items such as nuts, mineral water, chocolate milk, ice coffee, tampons, band aids, sunscreen, and deodorants. We utilise brands such as Schweppes, Cadbury, Mars, snack brands, Future Bake and Allen's just to name a few.

## HOW IT WORKS

The essence of vending lies in chips, chocolates, drinks, and a medley of items aligning with your enterprise. Whether it is catering to your staff's cravings or your client's desires, we collaborate closely to discover the ideal vending machine for your premises. Our commitment extends to servicing and upkeep, while the rewards flow your way!

When you inquire about placing a vending machine at your site, we will ask a few questions, such as the size of your business, location, and foot traffic to get an idea of what your vending machine needs will be.

We then arrange to make a site visit to ensure we have full access to place the machine in the desired area and to service and stock the machine when required.

Depending on your needs and access to the site, we can have a machine installed within one week, fully stocked and ready to go. Sites where access is restricted or for multiple vending machines, a greater lead time may be required.

A key element to workplace productivity is ensuring your employees have adequate access to food, drinks, and healthy snacks.

The only expense for your business is the small amount of electricity required to keep the machine running. Everything else is organised and covered by the Foundation. In addition, the highly functioning machines are stocked with healthy, nutritious food, drinks, or any snack your business and staff would like.

### AVAILABILITY OF FOOD & DRINKS

On-site vending machines ensure staff, customers, and visitors enjoy a gourmet of food and drink options. From quick snacks on breaks to cooling sips on hot days, vending machines deliver instant solutions.

### INCREASED CONVENIENCE

On-site vending machines eradicate the necessity for individuals to venture off-site for refreshments. This optimises staff break time and ensures a smoother customer experience.

### ENHANCED FOOT TRAFFIC

Need to increase foot traffic to your business or a specific location? Vending machines can act as a magnet, attracting a greater pool of potential customers to the vicinity.

Our vending machines are **FREE** giving you the benefit of having popular and tasty refreshments on demand keeping your staff happy and productive. There is no cost to your business, school, or organisation! We do our business through the sales of the products.

## HOW IT WORKS IN 5 SIMPLE STEPS!

- 1** Contact us and let us know of your interest on [5202 1777](tel:52021777) or email [info@wishlist.org.au](mailto:info@wishlist.org.au)
- 2** We will then coordinate with our vending machine company to arrange a time to inspect your location.
- 3** They will inspect the site and work with you for an appropriate set up.
- 4** Our vending machine company will arrange the delivery and installation of the machines.
- 5** All refilling and maintenance is managed by our vending machine company.

## FAQ'S

### DO YOU CHARGE TO INSTALL A VENDING MACHINE AT MY SITE?

No! There is no installation charge to you at all.

### ARE THERE ANY ONGOING FEES?

Once the machine is powered up, our vending machine company supply, maintain, and monitor the machine after installation. The only ongoing cost to you is the cost of the electricity to run the machine.

### DO I HAVE TO LOCK IN A CONTRACT?

A contract will need to be signed to verify that we own the machine but after that, it's all about the service!

### WHO DECIDES WHAT GOES IN THE VENDING MACHINE?

You do! We sit down with you and go through the products and find the best ones to suit your needs. We then monitor the sales of that machine and adjust stock accordingly. You can swap out items if needed. No two machines end up looking like each other!

### WHAT IS THE COST OF HAVING A VENDING MACHINE?

Nothing! The machine is completely free of charge. The only cost you will bare is for the electricity it uses and taking into consideration all our machines are eco-friendly, the costing will be minimal.

### HOW LONG WILL IT TAKE FOR THE MACHINE TO BE ON SITE?

Depending on the products that will be stocked within your vending machine, we can have the machine onsite and ready to go within one week.

### HOW OFTEN WILL WE REFILL AND MAINTAIN THE MACHINE?

The highly functioning machines monitor the stock levels, allowing fillers to replenish your machine exactly when needed.
